

# King's Transfer Credit Guide

## King of Transfer Credits: The Benefits of Transferring to King University

Don't waste time and money on courses you have already completed from another university. Instead, take advantage of King University's simple and generous transfer credit policy to jump-start your education and finish your degree faster.

At King University, we welcome transfer students. We are the leading institution in welcoming transfer students among the institutions in the Tennessee Independent Colleges and Universities Association (TICUA). We also have the largest

population of transfer students from public institutions in Tennessee. In fact, during the 2012–2013 academic year, we received 417 transfer students from Tennessee public institutions, a number that is over 50% higher than that of the second-ranked school.

## What are Transfer Credits?

If you have previously taken classes at an accredited college or university, you qualify for a credit transfer with us. This means that the courses you've completed prior to attending King can be recognized and counted toward the completion of your degree.

Once you have been accepted, you will receive a transfer evaluation from the Office of the Registrar. This evaluation will show you which

## Transfer Policy Information

For most of our bachelor's degree programs, up to 88 credit hours may be transferred. There is no limit to the number of institutions from which we will accept credit. Transferring credit is simple. Just submit the following:

- A completed [application](#)
- Official transcripts from all institutions of higher education that you have previously attended

That's all you need to get started! Students who have previously earned a degree at another college or university are generally considered to have met most of King's core curriculum requirements. Also, because we have a rolling admissions policy, there is no application deadline. If you bring more than 45 credits with you, you can begin your bachelor's degree right away. Otherwise, you can start with an associates program.

Typically, you will receive transfer credit for 100-level courses or higher in which you

degree requirements. You are automatically registered for your first classes, and a Student Success Specialist will work with you to determine which classes you need to register for based on your transfer evaluation results. To obtain a degree from King University, you must complete at least 50 credit hours with us.

earned a grade of C- or better. Pass/fail courses do not apply. Courses with grades below C -will not transfer. Nursing students should have a C or higher for natural science, math and human development courses, as well as a C+ or higher for nursing courses.

At King, we offer the added benefit of reverse transfer agreements with several institutions. This means that students like you who transfer to King from community colleges can be awarded a retroactive associate degree from their original institution once they complete their remaining course requirements at King.

We know that continuing your education can be intimidating. That's why we make it easy for you to transfer your credits and get on your way to achieving your academic and career goals. Complete your [application](#) today and make King University your number one transfer choice!

# Your Transfer Checklist

**1. Submit a completed application form with copies of all your official transcripts.**

If you have previously earned a degree at another college or university, you'll likely have met most of King's core curriculum requirements. You will probably receive transfer credit for all college-level courses in which you earned a C- or higher.

**2. The Office of the Registrar completes your transfer evaluation.**

This happens once you are accepted into your degree program. The transfer evaluation shows you course equivalency and which degree requirements you have already met.

**3. Your faculty advisor works with you to determine which classes you need to register for.**

Your previous course work will be evaluated based on:

- Level
- Content
- Quality
- Comparability
- Degree of program relevance
- Institutional accreditation

**4. We apply your accepted transfer credits to your new degree.**

**5. Complete enrollment forms.**

You receive an enrollment packet when you are accepted. Complete and return the enclosed documents as soon as possible to reserve your place as a transfer student in our incoming class.
